Why Adzglobe

For Advertisers

Self-service for Advertisers
Your personal account at Adzglobe is fully equipped with all the needed information to start your first campaign and manage your own performance at ease without approval. Are you a beginner? Your personal Manager will guide you every step of the way.

Traffic from direct Publishers
Get high quality traffic directly from our best publishers.

Own Ad Server solution
We put our time to develop our own Ad Server solution to monetise traffic effectively.

Real-time bidding system
Take advantage of changing bid prices in real time and access billions of daily impressions.

Integration with mobile tracking systems
Postback, S2S Integration supported / Conversion tracking - Integration with Mobile tracking systems.

For Publishers

Anti ad blocking solution
Our anti ad blocking solution helps you deliver your ads to the viewers even with their Ad-Blocker active.

Ad networks rotation and eCPM real-time optimisation
This feature lets our partners with higher CPM rates get more traffic and high converting offers in real-time mode. Our unique internally developed optimisation system will help you optimise your ad campaigns to achieve best results.

No financial transaction fees
At Adzglobe we take care of your payment fees.

24/7 qualified support
Whether it's day or night, our experienced international team of managers is always here to help!

Payouts
Payouts are made with Net7 hold policy or per Publishers request via popular payment systems: PayPal, Wire Transfer.
